### Meanings of Interest terms

\* **Gross** interest is the rate of interest before income tax is deducted at the rate set by law.

† **AER** stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest were paid once each year on the whole balance, including previous interest payments.

## Account Terms

These account terms, along with the summary box and our Savings Terms and Conditions, apply to your Dylan Advanced Saver (the account).

If there is any difference between these account terms and the Savings Terms and Conditions, these account terms will apply.

When we refer to 'you' in these account terms, this means the person who agrees to these account terms, which could be:

- The account guardian who has opened this account for a child aged under 16; or
- The child aged 14 or 15, by themselves or who has had control of the account transferred to them.

### Opening the account

The account can be opened:

- For a child aged under 14 as a guardian account; or
- For a child aged 14 or 15, by themselves or as a guardian account

To open and use this account, you and the child (if this is a guardian account) must be either:

- a UK resident, meaning that you have your permanent home in the UK (except the Channel Islands or the Isle of Man); or
- a Crown employee (employed by the Government and serving overseas), or married to or in a civil partnership with a Crown employee.

You and the child (if this is a guardian account) will need proof of your (and their) identity and your address.

Only someone aged 18 or over with parental responsibility (this means a parent or step-parent living at the same address, a parent living at a different address, a foster parent, someone with a Parental Responsibility Order for the child, or a legal guardian) can open a guardian account for a child.

Once the account is open, the child who owns the account cannot be changed.

### Putting money into the account

The first payment into the account must be at least £1. If we do not receive the payment within five business days of the account opening, we may close the account.

You can make payments into the account by cash, cheque, electronic payment from another UK bank or building society account, or a Principality account in your name, if allowed by that account.

You must keep at least £1 (the minimum balance) in the account.

If your account reaches £50,000 (the maximum balance), you cannot pay any more money in.

This account has a variable interest rate. This means that the rate can go up and down. This is explained in the Changes to interest rates section of the Savings Terms and Conditions.

We work out the interest on the money in the account daily and pay it into the account on 1 January each year (annually).

### Taking money out of the account

You can take money out of the account once in each calendar year.

If this is a guardian account, unless you have told us both guardians must sign an instruction for the account, either guardian can take money out of the account. Money taken out by a guardian must be paid to, or for the benefit of, the child.

For more information on taking money out of the account, see the Savings Terms and Conditions.

Closing the account also counts as taking money out.

Unless we reduce the interest rate, you can't take money out of the account again until the start of the next calendar year.

If we reduce the interest rate, you can take money out of the account one more time or close it within 30 days from the date we tell you about the interest rate change.

### Guardian accounts

This section of the account terms applies to Dylan Advanced Saver accounts opened as guardian accounts.

The money in a guardian account belongs to the child. The guardian should give the child any privacy notices, including the Privacy Policy, and let them know about any information we need about them. (You can get the Privacy Policy from a branch or by going to [principality.co.uk/privacy-policy](http://principality.co.uk/privacy-policy).)

The child is named as the account holder but the guardian manages the account on behalf of the child. Up to two adults can be guardians for an account. You should tell us if one or both of the guardians must sign any instruction for the account.

We will send all communications, such as statements, to the child at their home address.

## Account Terms continued

We can transfer a guardian account to the child if the child is 14 or over and the guardian has requested this in writing, or we have not been able to contact the guardian.

We'll accept instructions from the guardian until the account or control of the account has been transferred to the child.

### When the child is 16

When the child reaches 16, we will move all the money in the account to an Instant Access Account or the nearest equivalent we offer at the time. Once this happens, if the account is still being operated by a guardian, the guardian will no longer be able to make withdrawals from the account or close it.

We will write to the child at least 14 days before their 16th birthday to let them know what we are doing and to invite them to provide us with proof of identity and address if the account is still being operated by a guardian. Until we receive the required identification, the child will not be able to make any withdrawals or close the account.

### Closing the account

As closing the account counts as taking money out, you can only close the account if you have not already taken money out in the current calendar year. If you have, you cannot close the account until the start of the next calendar year.

If we reduce the interest rate you can use your extra withdrawal to close the account.

If you close the account you won't lose interest.

We may close the account if:

- the money in the account falls below the minimum balance; or
- for any other reason stated in the Closing your savings account section of the Savings Terms and Conditions.
